

Three in One **Carpet & Upholstery Cleaner** **Cleaner - Spotter - Pre Spray**

5 U.S. Gallons

C.I.R. Three in One Carpet and Upholstery Cleaner is a hypoallergenic product, contains no perfume, and leaves your carpet and upholstery neutrally charged, there by, reducing the attraction of soil and dust to the newly cleaned surface. The carpet and upholstery maintains the clean look for a longer period of time and re-soiling is reduced requiring greater periods between cleanings.

C.I.R. Three in One uses less water resulting in faster drying times. This is due to the low surface tension characteristics of the product. This is achieved by the product making water wetter which produces a phenomenal penetration capabilities thus reducing the dwell time until the cleaner is ready to work.

C.I.R. Three in One cleaner weakens the electrostatic bond of dirt and soil from the fibers without damaging the cleaned fibers. This product will not harm any fabrics that clean water will not harm. It will not change the color or color fastness of most fabric or fibers. You must test all carpets and upholstery for color fastness first.

C.I.R. Three in One is a water-based formula that is green compliant, non-Toxic, biodegradable, environmentally safe and is designed to replace many types of toxic chemical cleaners used in the market today. The product does not leave a residue in the carpet or upholstery fibers and does not have a soap or detergent ingredients.

C.I.R. Three in One is made with the latest and newest revolutionary green compliant rated components.

DIRECTIONS: SHAKE VERY WELL BEFORE EACH USE.
