

# Heavy Duty Traffic Lane Carpet Cleaner Cleaner - Spotter - Pre Spray

5 U.S. Gallons

**C.I.R. Heavy Duty Traffic Lane Cleaner** contains no fragrance or caustic chemicals. This product is designed to be used as a pre treatment immediately prior to the carpet cleaning process. It leaves your carpet neutrally charged and is a specially designed product that dissolves grease and prepares it to be efficiently extracted from the carpet fiber. This cleaner is a heavy duty cleaner, spotter and Pre-spray that is available in: 1 gallon and 5 gallon container and 55 gallon drums.

**C.I.R. Heavy Duty Traffic Lane Cleaner** cuts through impacted dirt & grease that is routinely located in high use traffic lanes, entry's and exits with magic like results. This product will not harm any fibers that clean water will not harm. It will not change the color or color fastness of most carpet fibers. You must test all carpets for color fastness first.

**C.I.R. Heavy Duty Traffic Lane Cleaner** is a cleaner, spotter and pre-spray that works most efficiently with C.I.R. THREE IN ONE Carpet and Upholstery Cleaner. When applied to carpet soiled with dirt, grease and oil, the bond to the fibers are broken without damaging the fibers and are easily extracted out of the carpet with carpet cleaning equipment. This combination allows the professional cleaner a definitive solution from the normal cleaning problems that have plagued the industry since its inception. Using the C.I.R. combo of chemical will assure the cleaner of consistent results no matter the application or need.

**C.I.R. Heavy Duty Traffic Lane Cleaner** reduces the need to use excessive amount of water during the carpet cleaning process resulting in faster drying times for the job. This is due to the low surface tension characteristics of the product, chemistry of making the water wetter which allows for better penetration, reducing the dwell time enabling the cleaner to work more efficiently dissolving the grease.

**C.I.R. Heavy Duty Traffic Lane Cleaner** is a water-based formula that is green compliant, non-toxic, biodegradable, environmentally safe and designed to replace many types of toxic chemical cleaners used in the market today. The product does not leave a residue in the carpet fibers and does not have a soap or detergent ingredients

**C.I.R. Heavy Duty Traffic Lane Cleaner** will be most useful when cleaning in restaurants and heavily traffic pathways. Application of the product manually or with a portable sprayer needs to be followed by C.I.R. THREE IN ONE the resulting combination should be scrubbed with a power brush or hand brush in all areas to be cleaned. Extract with truck mount or heavy duty portable.
