Wipe Out™ green All Purpose Cleaner

DIRECTIONS:

SHAKE WELL BEFORE USE. Spray **Wipe Out green All Purpose Cleaner**, onto the surface to be cleaned. Allow product to penetrate the soiled area. Stubborn areas may require scrubbing, brushing, or a second application. Wipe clean with paper towel or cloth, rinse well with water until no trace of cleaner remains. For small areas, wipe or flush clean with a sponge, rinsing the sponge often.

Wipe Out green All Purpose Cleaner can remove grease, blood, ink, dirt, or coffee stains from any washable surface easily and quickly. A few quick sprays dissolves grease and soil from counter tops, chrome, walls, woodwork, Formica, tile, linoleum, sealed woods, cabinets, floors, overhead lighting fixtures, any place where soil collects.

The **Pure One Environmental green** product line is 100 % environmentally safe, and designed to replace many types of toxic chemical cleaners in the market today. It is a water Based formula with no harmful chemical additives, non-toxic, biodegradable, and safe to the environment.

All **Pure One Environmental green** products comply with OSHA guidelines for non-hazardous, non-toxic chemicals.

NON-TOXIC + NON-HAZARDOUS
NON-FLAMMABLE + BIODEGRADABLE

Pure One Environmental green products
contain no known allergens.
